

## Education

**University of Pittsburgh,**  
**Honors College, School of Computing and Information**  
Bachelor of Philosophy (BPhil) in Data Science, *Specialization in Data Analytics*  
Thesis: “ ”  
Faculty Mentor: Dr. Yu-Ru Lin  
Computer Science Minor, Theater Arts Minor

*summa cum laude* - April 2026

David C. Frederick, *Honors Distinction*

**Neapolis University Pafos, Cyprus** - May 2025 Study Abroad Program  
**Taylor Allderdice High School, Pittsburgh, PA** - 2022 / *Valedictorian*

---

## Research Interest

Undergraduate researcher with an interdisciplinary technical background completing a BPhil thesis in Data Science. Interested in human-computer interaction, accessibility, and socially impactful AI. Seeking PhD admission to contribute to equitable, user-centered research and become a future leader in HCI.

---

## Research Experience

**BPhil Thesis, University of Pittsburgh** 2025–Present  
• Honors research degree requiring an independent graduate level thesis defense before faculty committee.  
**Volunteer Research Assistant, PICSO Lab** 2025–Present  
• Performed NLP data extraction, front end development, read papers

---

## Internships

**Data Science Capstone, Latitude AI** 2025–Present  
• Ford Subdivision that designs Automatic Driving Cars  
• Designed and engineered a data pipeline to notify the car where there is road construction  
• Presented our findings at the end of the semester  
**UX/UI Designer, Osher Lifelong Learning Institute** 2025–Present  
• Website redesign for accessibility for blind people  
• Research with users about their experience with the website to focus on accessible design

---

## Leadership Experience

**Appointed Student Representative, Academic Council, School of Computing and Information** 2025–Present  
• Appointed by the Dean to represent undergraduate students in school-wide curricular decision-making.  
• Participated in monthly meetings to review and vote on changes to degree requirements, student spaces, etc.  
• Created Survey to gather data on the student body about opinions on academic programs, and admissions policies  
**Mentor, Computer Science Club, University of Pittsburgh** 2025–Present  
• Mentored 3 undergraduates in academic success, career exploration, and navigating the tech field.  
• Offered guidance on course planning, technical interview preparation, and research/internship opportunities.  
**Mentor, Women in Computer Science Club, University of Pittsburgh** 2025–Present  
• Mentored 2 undergraduate students through 1:1 meetings to support academic success, and career exploration.  
• Fostered confidence and retention of women in tech by sharing resources and facilitating networking opportunities.  
• Specialty support in Mathematical Statistics and Algorithms and Data Structures courses

---

## Teaching Experience

**Program Director, YMCA Camp Kon-O-Kwee Spencer** 2021-2025

- Directed experiential learning programs for 560+ participants.
- Mentored and evaluated a team of 15 staff, emphasizing skill development, iterative performance feedback.
- Partnered with healthcare professionals to co-develop accessible camp experiences for children with Hemophilia and Charcot-Marie-Tooth, incorporating accessibility principles into educational design.
